THIS DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSE OF THE UNITED STATES, WITHIN THE MEANING OF TITLE 18, SECTIONS 793 AND 794, OF THE U.S. CODE, AS AMENDED. ITS TRANSMISSION OR REVELATION OF ITS CONTENTS TO OR RECEIPT BY AN UNAUTHORIZED PERSON IS PROHIBITED BY LAW. THE REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

1. Near the civil airfield and Air Force barracks at Bydgoszcz (53° 09' N, 18° 00' E) is a building resembling a water-tower, which houses a jamming station scrambling broadcasts from Western radio networks. It is commonly known as the "The Mill".
2. "The Mill" lies along the Szubin highway, next to the Post Office, at a distance of about 30 m. from the road. It is not protected by fencing of any kind, nor guarded by sentries.*
3. The building is rectangular, approximately 5 meters wide at the base and approximately 15 meters high. Its upper part shows (sic) on each of three sides (three window-apertures without frames or panes). The building is built of stone and appears to be very old. No aeriels or electric cables or wires can be seen from the outside.**

* Comment: Source saw no entrance to the building, which is possibly at the rear.

** Comment: BBC broadcasts are very successfully jammed in the Bydgoszcz area.
